Education

2021-Now

Master in Computer - Information technology

UNIVERSITY OF TEHRAN - ARAS INTERNATIONAL CAMPUS ·
Tehran, Iran 📍

I just started to study information technology to learn how i can use
my knowledge in softwaer engineering.

2016-2021

Bachelor of Computer - SoftWare Engineer

SHAHID BAHONAR UNIVERSITY · Kerman, Iran 📍

• Thesis Title: Design and develop an IDE to write Functional Test-|
Supervisor: Dr. Hossein GhasemAliZade

Description: Testing tools has a long way to go. Selenium Web-
Driver IDE is a windows application which provides a friendly UI
for making WebDriver test for web applications based on selenium
Python and C#.

Notable Projects

Soccer Robot, Can Find (ball and target), Catch, Shoot | ic:
IC nxp lpc2368 (ARM cortex M3) | OpenCV used for Image
Processing

C, C++

Selenium WebDriver IDE (Thesis), WPF Windows App
Management and monitoring for enterprise systems, Re-
act web app

C#, Python
.NET, JS

Professional Calculator, Windows form App

C#

NQueen Solver, Script

Java

Insurance Center Management, Windows App using WPF

C#

Mouse in maze, Windows form App

C#

Language School Institute, Windows App

Python (tk)

Distance Meter, UltraSonic module with STM32F103

UART, C

Compiler, Lexical Analyzer

Python

Compiler, Syntax Analyzer

Python

Library Management, simple book system for libraries

Java

Bodybuilding Club Management, Web App

PHP

Research Interests

SoftWare Engineering, Programming & Coding in General

Designing,

Experience

2020-Now

Tester and software designer and developer

INSTITUTE OF APPLIED INTELLIGENT SYSTEMS · Tehran, Iran 📍

Support:

- Implementing multiple samples of enterprise systems on test servers and providing customer support.

Development:

- Migration in testing methods. (Paper available)
- Designing and developing an application for developing functional test for enterprise systems.
- Designing and developing an application for monitoring and management of enterprise systems.
- Designing and developing an application for monitoring and management of enterprise systems.

2018-2020
